Highway maintenance scheme • June 2022

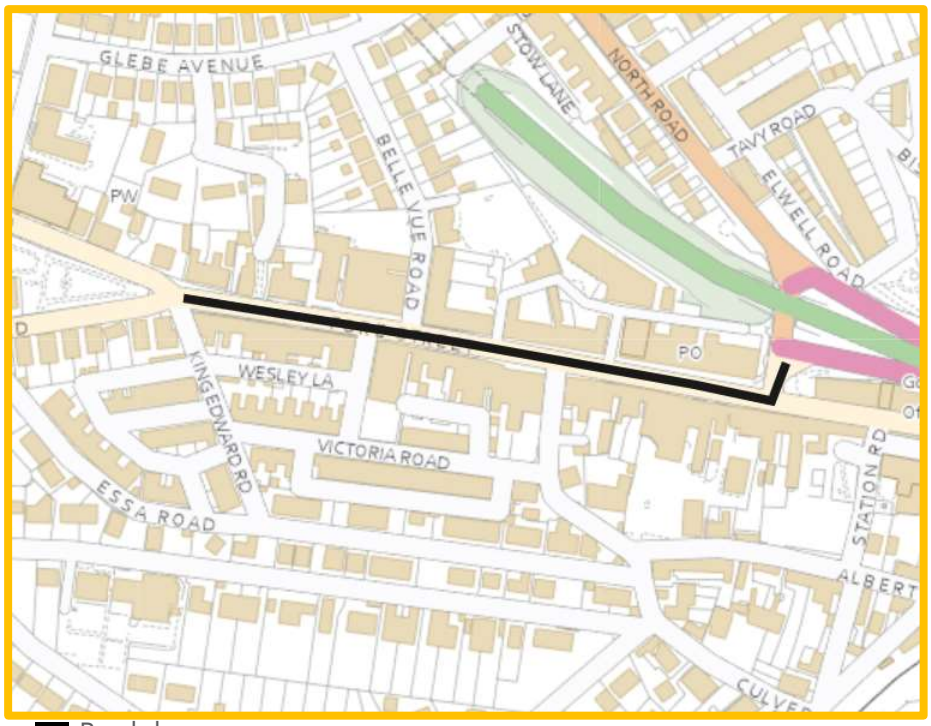
Saltash resurfacing works

As part of our planned highways maintenance and resurfacing work, a road closure will be in place on Fore Street, Saltash from **Monday 20th June until Friday 8th July**.

The road will be closed between the hours of **7.00pm and 02.00am**. Outside of these times the road will be open as normal; however there may be incidences where one or two parking bays may not be available during the day for safety reasons. We need to implement these measures to give our teams a safe working zone and protect road users and pedestrians while the work is carried out.

We know that noise associated with night-time working can cause disruption to residents and we understand this can be frustrating. Please be assured we aim to complete the noisiest operations as early as possible and will try to minimise any impact should the works overrun due to unforeseen circumstances.

We will have marshals on site to support residents and businesses needing local access. All through traffic will need to follow the diversions in place.



Road closure area

FAST FACTS

WHAT
Resurfacing work

WHERE
Fore Street, Saltash

WHEN
20th June – 8th July
19:00 – 02:00

To prevent delays, and to enable us to maintain emergency access please do not park on, or obstruct the highway during working hours.

Thank you for your patience while these works take place.

Phasing of works

Week 1: 20th – 24th June

Preparation work for resurfacing, rebuilding of drainage chambers & ironwork adjustment.

Week 2: 27th June – 1st July

Resurfacing Work

Week 3: 4th – 8th July

Resurfacing Work and installation of imprint surface in bus stop

Diversions

Signs will be placed at major junctions prior to the closure on the key routes to take non-through traffic away from the closure and keep traffic disruption to a minimum.

Diversion routes have to be suitable for the type of traffic that would normally use the route. We appreciate they can sometimes be quite lengthy, but in order to carry out the works safely to protect our operatives and road users we need to implement these measures

Access arrangements

Access for residents and businesses will be maintained through gateways managed by traffic marshals. Residents will need to stop at the gateways and our staff will help you to get into, or out of the roadworks site safely using the right route.

Please be supportive by respecting and responding to any speed restrictions and the safety instructions given by staff.

If our teams need access or have to move machinery out of the way there may be significant delays.

We will always do our best to accommodate day-to- day requirements of people affected by our works, and access will be maintained as much as possible for those people directly impacted by the closure.

Emergency access will be maintained at all times.

Working safely

Please be aware of the following hazards while the work is taking place.

- Uneven road surface where the old surface has been removed
- Raised manholes, gullies, and other service boxes
- Varying kerb heights when stepping off the footway
- Please use any designated crossing points provided

All of our sites will be appropriately risk assessed and have strict safeguarding measures in line with current Health and Safety and Public Health England guidance to ensure the safety of residents and our staff.

Notifications

Please note this information is correct at the time of circulation but is subject to change at short notice, especially in periods of poor weather.

Resurfacing work is weather dependant and may be delayed by cold temperatures and heavy rain.

During the ongoing situation with COVID-19 we will continue to carry out our programmed resurfacing works while we have the available resource and material to do so.

If works are postponed or cancelled, we will do our best to update the advance notice boards on our sites.

Works in your area

For up-to-date information about roadworks, road closures and diversions, affecting the road network, please visit: one.network

To find out what we are doing or planning in your area, please see the programming pages on our website: www.cormacltd.co.uk/cormac-programming/

For more information about future treatment programmes the council publishes details here: www.cornwall.gov.uk/transport-parking-and-streets/roads-highways-and-pavements/planned-highway-maintenance/

Getting in touch

If you have any questions regarding the resurfacing works please get in touch by emailing: surfacing@cormacltd.co.uk

You can report an issue on a road, highway or footway on the Cornwall Council website: https://www.cornwall.gov.uk/reportroad

If there is an issue which is a threat to public safety, please telephone **0300 1234 222** (24 hour service) giving details of the location.
